I. PURPOSES:

This Conservation Restriction is defined in and authorized by Sections 31-33 of Chapter 184 of the General Laws and otherwise by law. - (7) Subdivision or conveyance of a part or portion of the Premises alone, or division or subdivision of the Premises (as compared to conveyance of the Premises in its entirety which shall be permitted), and no portion of the Premises may be used towards building or development requirements on this or any other parcel;

- (11) Any other use of the Premises or activity which is inconsistent with the purpose of this Restriction or which would impair its conservation values.

B. Reserved Rights and Exceptions

The Grantor reserves the right to conduct or permit the following activities and uses on the Premises, but only if such uses and activities do not impair the conservation values or purposes of this Restriction.

- (1) Community Park Uses. The construction, installation, maintenance, renewal and use of a community park, provided that any construction receives prior approval of the Grantee, and further provided that motorized uses shall not be permitted, except as necessary in connection with the construction, installation, maintenance, and renewal of the community park features and related infrastructure as described herein. For the purposes of this paragraph, allowable elements associated with a "community park" shall include recreational courts or fields, playground structures, community gardens, farmers' markets, tree and other vegetation plantings, and other improvements commonly associated with community parks, including, but not limited to benches and seating, trash receptacles, and water fountains, but shall not include buildings or other structures inconsistent with the uses described in this Paragraph II(B)(1). Allowable uses shall include, without limitation, the use of the elements listed above for open space and recreational purposes as well as activities commonly associated with community parks;
- (2) Vegetation Management. The selective minimal removing of brush, pruning and cutting to prevent, control or remove hazards, disease, insect or fire damage, or to preserve the present condition of the Premises, woods roads, fence lines and trails and meadows;
- (3) Non-native or nuisance species. The removal of non-native or invasive species, the interplanting of native species, and the control of species in a manner that minimizes damage to surrounding, non-target species and preserves water quality;
- (4) Wildlife Habitat Improvement. With the prior written permission of Grantee, measures designed to restore native biotic communities, or to maintain, enhance or restore wildlife, wildlife habitat, or rare or endangered species including selective planting of native trees, shrubs and plant species;
- (5) Archaeological Investigations. The conduct of archaeological activities, including without limitation survey, excavation and artifact retrieval, following submission of an archaeological field investigation plan and its approval in writing by Grantee and the State Archaeologist of the Massachusetts Historical Commission (or appropriate successor official).
- (6) Signs. The erection, maintenance and replacement of signs with respect to trespass, trail access, identity and address of the occupants, the Grantee's interest in the Premises, any gift, grant, or other applicable source of support for the conservation of the Premises, and the protected conservation values.
- (7) Outdoor Passive Recreational Activities. Bird-watching, basketball, and other non-motorized outdoor recreational activities that do not materially alter the landscape, do not degrade environmental quality, and do not involve more than minimal use for commercial recreational activities;

(8) Permits, Regulations, Laws. The exercise of any right reserved by Grantor under this Paragraph B shall be in compliance with zoning, the Wetlands Protection Act, and all other applicable federal, state and local laws, rules, regulations, and permits. The inclusion of any reserved right requiring a permit from a public agency does not imply that the Grantee or the Commonwealth takes any position whether such permit should be issued.

(9) Best Management Practices. The exercise of any right reserved by Grantor under this Paragraph B shall follow, when available and if applicable, established, up to date, and regionally-applicable Best Management Practices or similar standards developed by a governmental agency or other entity with known expertise in the area of practice and designed to protect the natural features potentially affected by the action(s).

C. Notice and Approval.

Whenever notice to or approval by Grantee is required, Grantor shall notify Grantee, by a method requiring proof of receipt, in writing not less than 60 days prior to the date Grantor intends to undertake the activity in question. The notice shall describe the nature, scope, design, location, timetable and any other material aspect of the proposed activity in sufficient detail to permit the Grantee to make an informed judgment as to its consistency with the purposes of this Restriction. Where Grantee's approval is required, Grantee shall grant or withhold approval in writing within 60 days of receipt of Grantor's request. Grantee's approval shall not be unreasonably withheld, but shall only be granted upon a showing that the proposed activity shall not impair the purposes of this Restriction.

III. LEGAL REMEDIES OF THE GRANTEE

A. Legal and Injunctive Relief.

The rights hereby granted shall include the right to enforce this Restriction by appropriate legal proceedings and to obtain injunctive and other equitable relief against any violations, including, without limitation, relief requiring restoration of the Premises to their condition prior to the time of the injury complained of (it being agreed that the Grantee will have no adequate remedy at law). The rights hereby granted shall be in addition to, and not in limitation of, any other rights and remedies available to the Grantee for the enforcement of this Restriction. Grantee agrees to cooperate for a reasonable period of time prior to resorting to legal means in resolving issues concerning violations provided Grantor ceases objectionable actions and Grantee determines there is no ongoing diminution of the conservation values of the Restriction.

Grantor covenants and agrees to reimburse to Grantee all reasonable costs and expenses (including reasonable counsel fees) incurred in enforcing this Restriction or in taking reasonable measures to remedy, abate or correct any violation thereof, provided that a violation of this Restriction is acknowledged by Grantor or determined by a court of competent jurisdiction to have occurred.

B. Non-Waiver.

Enforcement of the terms of this Restriction shall be at the discretion of Grantee. Any election by the Grantee as to the manner and timing of its right to enforce this Restriction or otherwise exercise its rights hereunder shall not be deemed or construed to be a waiver of such rights.

C. Disclaimer of Liability

By acceptance of this Restriction, the Grantee does not undertake any liability or obligation relating to the condition of the Premises pertaining to compliance with and including, but not limited to, hazardous materials, zoning, environmental laws and regulations, or acts not caused by the Grantee or its agents.

D. Acts Beyond the Grantor's Control

Nothing contained in this Restriction shall be construed to entitle the Grantee to bring any actions against the Grantor for any injury to or change in the Premises resulting from causes beyond the Grantor's control, including but not limited to fire, flood, storm and earth movement, or from any prudent action taken by the Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Premises resulting from such causes. In the event of any such occurrence, the Grantor and Grantee will cooperate in the restoration of the Premises, if desirable and feasible.

IV. ACCESS

The Grantor hereby grants to the Grantee, or its duly authorized agents or representatives, the right to enter the Premises upon reasonable notice and at reasonable times, for the purpose of inspecting the Premises to determine compliance with or to enforce this Restriction. The Grantor also grants to the Grantee, after notice of a violation and failure of the Grantor to cure said violation, the right to enter the Premises for the purpose of taking any and all actions with respect to the Premises as may be necessary or appropriate to remedy or abate any violation hereof, including but not limited to the right to perform a survey of boundary lines.

The Grantor agrees to take no action to prohibit or discourage access to and use of the Premises by the general public, but only for daytime use and only as described in Section II(B)(7) provided that such agreement by Grantor is subject to the Grantor's reserved right to establish reasonable rules, regulations, and restrictions on such permitted recreational use by the general public for the protection of the purposes and conservation values of this Restriction. Grantor has the right to control, limit, or prohibit by posting and other reasonable means activities or uses of the Premises not authorized in Section II(B)(7). The Grantor's right to grant public access across the Premises is subject to the restrictions described in this Restriction. Any public use which is permitted by the terms of this Restriction constitutes permission to use the Premises for purposes described in the Massachusetts General Laws Chapter 21, Section 17C and the Grantor and Grantee hereto benefit from exculpation from liability to the extent provided in such section. The Grantee may require the Grantor to post the Premises against any use that may result in rutting or erosion or other damage to the natural resources of the Premises.

V. EXTINGUISHMENT

A. If circumstances arise in the future such as render the purpose of this Restriction impossible to accomplish, this restriction can only be terminated or extinguished, whether in whole or in part, by a court of competent jurisdiction under applicable law after review and approval by the Massachusetts Secretary of Energy and Environmental Affairs. If any change in conditions ever gives rise to extinguishment or other release of the Restriction under applicable law, then Grantees, on a subsequent sale, exchange, or involuntary conversion of the Premises, shall be entitled to a portion of the proceeds in accordance with Paragraph V(B) below, subject, however, to any applicable law which expressly provides for a different disposition of the proceeds and after complying with the terms of any gift, grant, or funding requirements. Grantees shall use its share of the proceeds in a manner consistent with the recreation purpose set forth herein.

B. Proceeds. Grantor and Grantee agree that the donation of this Restriction gives rise to a real property right, immediately vested in the Grantee, with a fair market value that is at least equal to the proportionate value that this Restriction bears to the value of the unrestricted property. Such proportionate value of the Grantee's property right shall remain constant. Any proceeds will be distributed only after complying with the terms of any gift, grant, or other funding requirements, including CPA funding.

C. Grantor/Grantee Cooperation Regarding Public Action. Whenever all or any part of the Premises or any interest therein is taken by public authority under power of eminent domain or other act of public authority, then the Grantor and the Grantee shall cooperate in recovering the full value of all direct and consequential damages resulting from such action. All related expenses incurred by the Grantor and the Grantee shall first be paid out of any recovered proceeds, and the remaining proceeds shall be distributed between the Grantor and Grantee in accordance with Paragraph V(B) – above, after complying with the terms of any law, gift, grant, or funding requirements. If a less than fee interest is taken, the proceeds shall be equitably allocated according to the nature of the interest taken. The Grantee shall use its share of the proceeds like a continuing trust in a manner consistent with the conservation purposes of this grant.

VI. DURATION & ASSIGNABILITY

A. Running of the Burden. The burdens of this Restriction shall run with the Premises in perpetuity, and shall be enforceable against the Grantor and the successors and assigns of the Grantor holding any interest in the Premises.

B. Execution of Instruments. The Grantee is authorized to record or file any notices or instruments appropriate to assuring the perpetual enforceability of this Restriction; the Grantor, on behalf of itself and its successors and assigns, appoints the Grantee their attorney-in-fact to execute, acknowledge and deliver any such instruments on its behalf. Without limiting the foregoing, the Grantor and its successors and assigns agree themselves to execute any such instruments upon request.

C. Running of the Benefit. The benefits of this Restriction shall run to the Grantee, shall be in gross and shall not be assignable by the Grantee, except in the following instances:

As a condition of any assignment, the Grantee shall require that the purpose of this Restriction continues to be carried out; that the Assignee is not an owner of the fee in the Premises, that the Assignee, at the time of the assignment, qualifies under Section 170(h) of the Internal Revenue Code of 1986, as amended, and applicable regulations thereunder, and is a donee eligible to receive this Restriction under Section 32 of Chapter 184 of the General Laws of Massachusetts. Any assignment will comply with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

VII. SUBSEQUENT TRANSFERS

The Grantor agrees to incorporate by reference the terms of this Restriction in any deed or other legal instrument which grants any interest in all or a portion of the Premises, including a leasehold interest and to notify the Grantee not less than twenty (20) days prior to the execution of such transfer. Failure to do any of the above shall not impair the validity or enforceability of this Restriction. Any transfer will comply with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

The Grantor shall not be liable for violations occurring after their ownership. Liability for any acts or omissions occurring prior to any transfer and liability for any transfer if in violation of this Restriction shall survive the transfer. Any new owner shall cooperate in the restoration of the Premises or removal of violations caused by prior owner(s) and may be held responsible for any continuing violations.

VIII. ESTOPPEL CERTIFICATES

Upon request by the Grantor, the Grantee shall, within thirty (30) days execute and deliver to the Grantor any document, including an estoppel certificate, which certifies the Grantor's compliance or non-compliance with any obligation of the Grantor contained in this Restriction.

IX. NON MERGER

The parties intend that any future acquisition of the Premises shall not result in a merger of the Restriction into the fee. The Grantor agrees that it will not grant, and the Grantee agrees that it will not take title, to any part of the Premises without having first assigned this Restriction to a non-fee owner that is qualified under Section 170(h) of the Internal Revenue Code of 1986, as amended, and applicable regulations thereunder and is eligible to receive this Restriction under Section 32 of Chapter 184 of the General Laws of Massachusetts in order to ensure that merger does not occur and that this Restriction continues to be enforceable by a non-fee owner.

X. AMENDMENT

If circumstances arise under which an amendment to or modification of this Restriction would be appropriate, Grantor and Grantee may jointly amend this Restriction; provided that no amendment shall be allowed that will affect the qualification of this Restriction or the status of Grantee under any applicable laws, including Section 170(h) of the Internal Revenue Code of 1986, as amended, or Sections 31-33 of Chapter 184 of the General laws of Massachusetts. Any amendments to this Restriction shall occur only in exceptional circumstances. The Grantee will consider amendments

only to correct an error or oversight, to clarify an ambiguity, or where there is a net gain in conservation value. All expenses of all parties in considering and/or implementing an amendment shall be borne by the persons or entity seeking the amendment. Any amendment shall be consistent with the purposes of this Restriction, shall not affect its perpetual duration, shall be approved by the Secretary of Energy and Environmental Affairs and if applicable, shall comply with the provisions of Art. 97 of the Amendments to the Massachusetts Constitution, and any gifts, grants or funding requirements. Any amendment shall be recorded in the Southern Essex Registry of Deeds.

XI. EFFECTIVE DATE

This Restriction shall be effective when the Grantor and the Grantee have executed it, the administrative approvals required by Section 32 of Chapter 184 of the General Laws have been obtained, and it has been recorded in a timely manner in the Southern Essex Registry of Deeds.

XIII. GENERAL PROVISIONS

A. Controlling Law. The interpretation and performance of this Restriction shall be governed by the laws of the Commonwealth of Massachusetts.

B. Liberal Construction. If any provision in this instrument is found to be ambiguous, any interpretation consistent with the purpose of this Restriction that would render the provision valid shall be favored over any interpretation that would render it invalid.

B. Subordination. The Grantor attests that there is no mortgage, promissory note, loan, lien, equity credit line, refinance assignment of mortgage, lease, financing statement or any other agreement which gives rise to a surety interest affecting the Premises.
