Charlie, current owner for 35 years and Paulo, applicant, has been running the business last few years, were both present. Chairman St. Pierre said that he knows there are people in the public gallery who wish to speak but he would like to say that the LB only controls the Class II auto piece, if there are other issues or complaints, constituents must go to the appropriate department. Dorothy Healy from 15 Franklin Street said when cars are delivered they block her driveway. She had pictures to show the Board. She said her Ward Councilor tells her to call the police. She said she doesn't mind there business and doesn't want a problem but don't want them to block her driveway and the diesel fuel smell is not good from the delivery truck that is left running while they deliver. Chairman St. Pierre asked Paulo to be a little more aware of that situation and told her that if it continues to be a problem to call the police. Sgt. Gaudet told her if there were any issues to call him directly. Judy French said she lives on Foster Street and says that frequently where the cars are dropped during in a delivery block the entire small street. She said no emergency vehicles during that time could get in the street. Chairman St. Pierre said that is an enforcement issue. She said Melissa sent her an email confirming that there were not going to be any expansions at this time but she wanted to ask again. Charlie said the business will run in the exact same way and there are no expansions planned at this time. Chairman St. Pierre again advised if there were issues with other departments to contact them but said in all the year's they have been operating with a Class II there have been no issues with that license. Sgt. Gaudet asked Paulo to try and be respectful of the neighbors concerns. Councilor Arthur Sergeant asked that the business owner try and be respectful of the neighbors concerns and pointed out that this is in an R2 zone but was grandfathered in, so it would be great if the business owner was respectful of that. He said that the residents have a right to quiet enjoyment. Chairman St. Pierre agreed. Mr. Lee motioned to approve the application for up to 12 cars. Chairman St. Pierre seconded. Motion carries.
