Mayor's Message

Dear resident,

As the school year comes to a close and summer begins, I'd like to congratulate all our Salem students on a successful school year and recognize those who graduated in 2024.

To the 8th graders at Collins Middle School and Saltonstall - you made it! You're incredibly talented, kind, and resilient and you've completed your middle school journey with joy, light, and support for one another. We can't wait to see what you achieve next!

The New Liberty Innovation School Class of 2024 personifies resilience, strength, creativity, and curiosity. You made it to graduation thanks to

the caregivers in your life and to the educators who lifted you up - but most importantly, you're made it because of YOU and what you've accomplished. Congratulations!

To the Salem Academy Charter School Class of 2024: thank you for making our community a better place. You're a talented and thoughtful class, ready to change the world. Well done!

Last but not least, to Salem High School Class of 2024: When you started at Salem High School the world was uncertain, frightening, and lonely. But you persevered - you found strength in one another and in yourselves, and now you're graduates. No matter where your future takes you, know that Salem - your hometown - will always have your back. Congratulations - you earned this!
